## PROFESSIONAL SUMMARY

Results-driven Computer Science graduate skilled in building scalable, responsive web applications using React, JavaScript, HTML/CSS, and Django. Improved API performance by 40%, enhanced UI consistency by 40%, and delivered reusable component systems that accelerated feature delivery by 2×. Strong in REST API integration, performance optimization, and data-driven debugging to elevate user experience.

## SKILLS

- Technical Skills: React.js, JavaScript, HTML5, CSS3, Bootstrap, Node.js, Django, Python, MySQL, REST APIs, Git/GitHub
- Tools & Platforms: Postman, Firebase, Netlify, VS Code, Jupyter Notebook, Power BI, Tableau, MS Excel
- Design & UI: Figma, Canva, Photoshop, Responsive Web Design
- Core Concepts: OOP, DSA, Data Visualization, Machine Learning, Predictive Analytics
- Languages: English, Hindi
- Soft Skills: Effective communication, collaborative teamwork, creative problem-solving, adaptability, ownership mindset, attention to detail, and time management

## WORK EXPERIENCE

### Sparrow Softech Pvt. Ltd.

May 2025 -November 2025

#### Front End Development - Ranchi, India

- React.js, HTML5, CSS3, and Bootstrap were used to create responsive web interfaces that increased cross-browser UI consistency by 40%.
- Increased the accuracy of BI reporting by 15% by analyzing and interpreting transactional data to find usage trends.
- Reduced client-side load failures by 25% by integrating REST APIs and fixing over 30 frontend-backend bugs.

### National Informatics Center

September 2023 – October 2023

#### Web Development Intern - Nagpur, India

- Improved cross-team productivity, reduced processing time by 30%, and streamlined the merchant onboarding process.
- Expanded the accuracy of business intelligence reporting by 15% by analyzing transactional data for usage trends.
- Resolved 50+ payment issues, including API and transaction failures, boosting user satisfaction by 20%

## PROJECTS

- **Weather Forecasting App** | *React.js, OpenWeatherMap API, Geolocation, REST APIs, UI Optimization*
  - Implemented a real-time weather forecasting application using React.js, OpenWeatherMap API, and geolocation, improving forecast display accuracy by 90%.
  - Engineered modular, reusable UI components and integrated RESTful APIs, optimizing API response time by 40%.
- **Personal Portfolio** | *React.js, Bootstrap, AOS, GitHub, Responsive Web Design*
  - Illustrated and deployed a fully responsive, accessible Single Page Application using React.js, Bootstrap, and modern JavaScript frameworks.
  - Synchronized GitHub repositories and project links, enhancing portfolio interactivity and showcasing frontend skills to potential recruiters.
- **Book Selling Website** | *HTML5, CSS3, JavaScript, Web Performance, E-commerce UI, Responsive Design, Django, Firebase*
  - Established a full-stack e-commerce app with product listing, user authentication, and shopping cart functionality.
  - Built a responsive frontend with React.js, HTML5, CSS3, and JavaScript; integrated RESTful APIs for backend operations.
  - Optimized page load speed by 35% and enhanced overall user experience through clean code and efficient API calls.
- **Brain Tumor Detection (Deep Learning)** | *Python, CNN, Deep Learning, Image Classification, Data Augmentation, Medical Imaging*
  - Designed and trained a Convolutional Neural Network (CNN) model for MRI-based brain tumor classification, achieving 98.5% test accuracy.
  - Utilized image preprocessing and data augmentation techniques, reducing model overfitting by 20% and improving model robustness.
- **Financial Data Analysis & Stock Forecasting** | *Python, SQL, Power BI*
  - Programmed a Python ARIMA model to forecast stock prices, visualizing trends with Matplotlib.

## EDUCATION

- **Vellore Institute of Technology (VIT), Vellore, Tamil Nadu** September 2021 – May 2025
  - Bachelor of Technology in Computer Science and Engineering, **CGPA: 7.68**
- **Relevant Coursework:** Data Structures, DBMS, Statistics, Probability, Data Science, Data Visualization, Python Programming, Machine Learning, SQL
- **Delhi Public School, Nagpur, Maharashtra**
- CBSE – Class XII (July 2021): **89%**

## COURSES AND CERTIFICATIONS

- Tata – Google Data Analytics Virtual Experience Program – Forage
- Accenture – Data Analytics and Visualization Job Simulation – Forage
- Tata – GenAI-Powered Data Analytics Job Simulation – Forage
- Data Science Certification – Internshala
- Web Development: HTML, CSS, JavaScript, Bootstrap – InternElite
- Financial Modelling and Valuation – Internshala
